

# The Simple Living Home Collection™

PROFESSIONAL ORGANIZER-APPROVED PRODUCTS  
TO CREATE BEAUTIFUL, FUNCTIONAL &  
SUSTAINABLE ORGANIZING SYSTEMS

Curated by Organize My Space

# Welcome!

Every Organize My Space home organizing package includes a carefully selected collection of organizer-approved products to help create beautiful, functional and sustainable organizing systems.

Whether you've chosen **The Refresh**, **The Space Reset**, or **The Whole Home Flow**, your organizing products are thoughtfully selected based on your space, goals and budget.

As your organizing journey continues, you may wish to purchase additional matching products for other rooms or expand the systems we've already created.

This collection features many of the same products our professional organizers use every day—making it easy to create a cohesive look throughout your home.

# How This Catalogue Works

During your organizing session, we'll recommend products that best fit your space, lifestyle and budget.

## Inside this collection you'll find:

- Products commonly included in our organizing packages
- Matching products to expand your organizing systems
- Additional organizing solutions for other areas of your home

## Why We Love These Products

Every product has been carefully selected because it is:

- ✓ Functional
- ✓ Durable
- ✓ Neutral and timeless
- ✓ Easy to maintain
- ✓ Readily available
- ✓ Organizer approved

# Buy Less. Organize Better.

At Organize My Space, we believe organizing isn't about buying more containers—it's about creating systems that work for the way you live.

We'll never recommend products simply to fill shelves.

Instead, we carefully select organizing solutions that improve function, maximize space and are easy to maintain for years to come.

*Our goal is simple:*

**Buy intentionally.**

**Organize thoughtfully.**

**Maintain effortlessly.**

# Our Simple Living Signature System™ Philosophy

We believe the best organizing systems are the ones that are simple to maintain.

When choosing organizing products, we focus on a few key principles:

- Contain similar items together so everything has a designated home.
- Measure before purchasing to ensure products fit properly.
- Choose neutral products that complement your home and won't go out of style.
- Maximize vertical space whenever possible to increase storage capacity.
- Label containers so everyone in the household knows where items belong.
- Keep systems simple—the easier they are to maintain, the more likely they are to last.
- Organize around your lifestyle, not perfection. Your systems should work for the way you naturally live.
- Pay attention to clutter hotspots and create solutions for the items that tend to accumulate, such as mail, keys, charging cords or pet supplies.

# Measuring Tips

Before purchasing organizing products, take a few minutes to measure your space.

Record:

- ✓ Drawer width, depth and height
- ✓ Cabinet width, depth and height
- ✓ Shelf width and depth
- ✓ Pantry shelf dimensions
- ✓ Under-sink cabinet opening
- ✓ Closet shelf measurements

## OMS Tip

Always measure the usable interior space—not the outside dimensions of the cabinet or drawer.

# Frequently Asked Questions

## *Why don't you use matching containers everywhere?*

Every home is unique. We recommend products based on your space, storage needs and budget rather than using the same container throughout your home.

## *Do I need to buy everything in this catalogue?*

Not at all. We recommend only the products that will improve the function of your space.

## *Can OMS purchase products for me?*

Absolutely! We can purchase products before or during your organizing session or recommend items for you to order yourself.

## *What if I need more products later?*

Simply visit our [Amazon Storefront](#) or [contact us](#) and we'll be happy to help.
